

## Exploit Development: Buffer Offset

### Objectives:

- Enumerate exact buffer size to gain access to code execution control register (EIP).

### Outline:

### Code Snippets:

- `/usr/share/metasploit-framework/tools/exploit/pattern_create.rb -l 1000`
- `/usr/share/metasploit-framework/tools/exploit/pattern_create.rb -l 1000 -q <pattern_value>`
